

CERTIFIED MEMBER OF THE BFIH

BFIH is the Danish Industry Association for IT Hosting Companies and its purpose is to increase the overall quality of IT hosting services as well as to create transparency with regards to the quality and security of IT hosting services.

WE HEREBY ATTEST THAT:

any.cloud A/S

is certified to use the quality certification of BFIH,
The Hosting Certificate is valid for this period 14/03/17 - 13/03/18.

any.cloud A/S' hosting centre complies with the demands
of BFIH's certification scheme:

- Accountant's statement ISAE 3402 type 2
- Finances and company form
- Administration of the certification
- Service level agreement (SLA)
- Insurances
- BFIH's minimum requirements for quality hosting

A specification of the criteria for obtaining The Hosting Certificate can be downloaded from www.bfih.dk.

In cooperation with a state authorised accountant, the board of BFIH has examined the material submitted by any.cloud A/S and their accountant as documentation that any.cloud A/S's hosting centre complies with the demands.

The board of BFIH hereby certifies any.cloud A/S's hosting centre to use The Hosting Certificate.
